

GOVERNMENT OF INDIA
MINISTRY OF CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION
DEPARTMENT OF CONSUMER AFFAIRS

RAJYA SABHA
UNSTARRED QUESTION No. 1959
TO BE ANSWERED ON 10.03.2026

RISE IN PRICES OF ESSENTIAL COMMODITIES

1959. **SHRI DEREK O' BRIEN:**

Will the Minister of CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION be pleased to state:

- (a) whether there is rise in retail prices of essential commodities in the last three years and current year;
- (b) if so, the reasons therefor, year-wise;
- (c) the month-wise retail and wholesale price of the essential commodities for the last three years; and
- (d) whether Government has formulated any time-bound plan to give relief to the consumers due to the rising prices, if so, the details thereof?

ANSWER

THE MINISTER OF STATE, CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION
(SHRI B.L. VERMA)

(a) to (b) : Department of Consumer Affairs monitors the daily prices of 40 essential food commodities submitted by the 578 price monitoring centres across the country. The prices of food commodities tend to be volatile as they are affected by several factors such as seasonality in production, supply chain disruptions, rise in international prices etc. As per the data, prices of food commodities are largely stable and under control during past one year or so.

(c) : The month-wise retail and wholesale prices of the essential food commodities monitored by Department of Consumer Affairs for the last three years are at **Annexure**.

(d) : Government maintains buffer stock of pulses and onion under Price Stabilisation Fund (PSF) to tackle extreme volatility in the prices and in ensuring the availability of these essential food commodities to consumers at affordable prices. Fluctuations in domestic production, seasonal variations in demand and speculative activities of market players often leads to volatility in the prices of pulses. Regulated release of pulses from the buffer to augment the availability helps in cooling down the market prices, and retail sale to consumers at discounted prices ensures availability of dals at affordable prices. Market interventions through buffer stock also helps in nudging the market players lower their prices. Further, buffer stock of pulses with the government acts as deterrent against manipulative hoarding and unscrupulous speculations by market players. In case of onion, the buffer stock plays critical role in controlling the seasonal fluctuation in prices. The period between Rabi and Kharif onion harvests is associated with rise in prices due to the depletion in stored Rabi onions. Onions from the government buffer are released during this lean season in regulated and targeted manner to augment the market availability and stabilise the prices.

ANNEXURE REFERRED IN REPLY TO PART (c) OF RAJYA SABHA UNSTARRED QUESTION NO.1959 FOR 10.02.2026 REGARDING RISE IN PRICES OF ESSENTIAL COMMODITIES.**All India Monthly Average Retail Prices (Rs./Kg.) -Year 2023**
